V/s.

Deputy Director of Education, Greater

Mumbai & Ors. : Respondents

...

CORAM : S.A. BOBDE, J.

June 10, 2005.

P.C.:

1. It appears that in spite of the interim order passed by this Court on 20.5.2005, some mischievous elements are misrepresenting the public at large that the recognition of the applicants' school is withdrawn and, therefore, students should not be admitted to the applicants' school. Ex facie, this is impermissible.

2. Mr.Sakhare, learned counsel for the applicants, states that the applicants wish to remove these boards or notices containing such misrepresentation. However, in view of

the possibility of there being a law and order problem, he seeks permission from police in order to enable the applicants to do so. Hence, respondent no.5 is directed to afford protection to the applicants in the task of removing the boards or notices containing such misrepresentation. The applicants shall duly make an application to respondent no.5 specifying the time and place where such protection may be necessary.

3. The Civil Application is disposed of.
